

ANTI-BULLYING AND HARASSMENT POLICY

Girton Grammar School is committed to providing everyone in our School with a working and learning environment free from unfair, unwarranted harassment.

It is the School's goal to provide an environment where the physical, emotional, moral and educational health and well-being of students are fostered above all else. Bullying and harassment are not only school disciplinary matters but are illegal under Victorian and Commonwealth legislation.

So is victimisation of those who report bullying.

Bullying and harassment can occur wherever people work or play together. Sometimes people do not realise that their behaviour can be harmful and unfair to others, and also against the law.

METHODS OF REPORTING

Report in person or email at the earliest opportunity to any member of staff. All reports will then be passed onto a member of Senior Staff immediately. All reports will be dealt with con dentially.

SOME INAPPROPRIATE REACTIONS:

FROM THE VICTIM

ANTI-BULLYING AND HARASSMENT POLICY

 Support your friends and protect them from bullying by being there for them. Students who are alone are more likely to be the target of bullying so encourage your friends to be aware of other students who are left out or on their own in the schoolyard.

ADVICE TO FRIENDS OF VICTIMS:

If your friend is a victim of bullying, you will know this by his or her behaviour or as a result of someone, perhaps them, telling you.

AS A FRIEND YOU SHOULD:

- · Listen and support your friend.
- Encourage assistance eg, approach your teacher, House Tutor, Head of House or trusted adult.
- Be sure that your friend is not left on his or her own, so include him or her in your activities.
- If you are aware of the incident (you saw or read it) you should be willing to provide an honest account of it.

ROLE OF PARENTS

DO NOT IGNORE BULLYING

What to look out for: Symptoms such as not wishing to go to School; failing to meet deadlines; apparent sadness; uncharacteristic quietness may be some indicators of a person being bullied.

WHAT TO DO

No matter what Year your child is in, if you feel he/she is being bullied please contact a member of staff. In many cases your child may not wish you to contact the School in case "things get worse". It is very dif cult to deal effectively with bullying if it is not reported. Most bullying takes place away from teachers' eyes, and often outside the School's grounds.

ROLE OF STAFF

All Staff have an important role to play in detecting and reporting incidents of suspected harassment,

whether these be inside or outside the classroom. This applies especially to any repeated or chronic behaviour.

Any of the following staff members should be noti ed:

- House Tutor
- The relevant Head of House
- Deputy Head
- Head of Student Wellbeing & Pastoral Care
- Head of Transition
- Head of Junior School
- Deputy Head of Junior School
- Junior School class teacher

Any staff member receiving a notication must report it promptly to a member of Senior Staff, who must then take action.

MANAGEMENT OF REPORTS

STAGE 1: SHARING THE CONCERN

Once a person lodges a Report alleging bullying or unfair harassment the following shall occur:

- The person who claims to have been bullied will be interviewed and may be asked to give an account of the problem orally or in writing. Speci c (and sometimes very detailed) questioning about any background or history to the incident may be asked. This may include questions about previous incidents or the relationship with the alleged bully and whether any possible provocation or misunderstanding has occurred.
- As soon as possible the accused person will be seen and informed of the allegation. The person will provide his or her version of the events.
 Speci cally, he or she will be asked to comment on whether the allegation is true. Other relevant questions as outlined in point 1 above may also be asked.
